ABSTRACT

The 1971 edition of the Index reports the names of Senators and Representatives of the 92nd Congress, their states and Congressional districts, and each institution of higher education located therein. It includes all institutions meeting at least 1 of the following criteria: accreditation or approval by a nationally recognized accrediting agency, state department of education, or state university; preaccreditation status of "correspondent" or "recognized candidate for accreditation" by a designated nationally recognized accrediting agency; or certification that the institution's credits have been or are accepted for transfer by no less than 3 accredited institutions. The Index does not include post-secondary schools such as 1- and 2-year business schools, hospital schools of nursing, trade schools or similar institutions. (JS)

FOREWORD

This Index of Institutions of Higher Education, by State and Congressional District is a companion volume to the Education Directory, 1970-71: Higher Education. The Directory is published by the Office of Education annually; this Index is distributed biennially, to reflect the biennial changes in the U. S. Congress.

This 1971 edition reports the names of the Senators and Representatives of the 92nd Congress, their States and Congressional Districts, and each institution of higher education located therein. Since the 1969 edition, the six States of Arizona, Hawaii, Louisiana, Missouri, New Hampshire, and New York were redistricted. These changes are reflected in the listings for those States.

The Index includes all institutions meeting at least one of the criteria enumerated below, including new schools certified by the Accreditation and Institutional Eligibility Staff of the Bureau of Higher Education to the National Center for Educational Statistics through September 15, 1970: (1) Accreditation or approval by a nationally recognized accrediting agency, by a State department of education, or by a State university; (2) preaccreditation status of "correspondent" or "recognized candidate for accreditation" with a designated nationally recognized accrediting agency; or (3) certification that the institution's credits have been and are accepted for transfer by no less than three accredited institutions as if coming from an accredited institution. The Index does not include other postsecondary schools, such as 1- and 2-year business schools, hospital schools of nursing, trade schools, or similar institutions.

METHODOLOGY

The data on Congressional Districts from which this Index is derived were originally obtained from the institutions of higher education in the Higher Education General Information Survey of 1968-69. They were circulated to the members of Congress and to the Office of Congressional Liaison of the Department of Health, Education, and Welfare for comment and correction in the spring of 1969. Those corrections were entered on the computer files in the summer of 1969. Further corrections and updating have continued to be entered in the records from various sources, including the institutions themselves in the fall of 1969 and of 1970, as they have responded to the Higher Education General Information Surveys of those years.

The election of 1970 and the redistricting of six States for the 92nd Congress necessitated a major update of the files in order to produce this publication. The new districts for some of the institutions in the six States were obtained from the Congressional District Atlas for the 92nd Congress. For those institutions located in the large cities with multiple districts, such as New York City, Phoenix, New Orleans, Kansas City (Mo.), and St. Louis, a list of these institutions with business addresses was sent to the Bureau of the Census which determined the district in which the institution is located. The Office of Congressional Liaison of DHEW provided the names of the Senators and Congressmen.

In this Index, a branch of an institution which is reported separately for Directory purposes is treated as a separate institution and is listed in the Congressional district in which it is located. When district boundaries pass through a campus, the business address determines the district.

ABBREVIATIONS

The names of the institutions in this Index are identical to those appearing in the Education Directory, 1970-71: Higher Education, where the names were limited to 25 letters or spaces. It was impossible to abbreviate within the required limitations for a few institutions, such as the rabbinical academies. When this happened, the institutions were requested to abbreviate their names as they would prefer them to appear. Following is a list of the standard abbreviations used:
